MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence
Executive Director-Comptroller
Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science and Technology ✓

SUBJECT: Meeting of the President's Foreign
Intelligence Advisory Board, Thursday
and Friday, October 5 - 6

1. Admiral Anderson has decided that the October meeting of the PFIAB should consist largely of "area situation briefings." He would like to have a representative of DDI (in coordination with or assisted by DDS&T where appropriate) carry the burden of these with emphasis on the current situation but oriented to community collection problems which might arise in the coming months. He would like to have a DDP representative available to assist on this latter point, which could include both overt and clandestine type problems.

2. He wants to cover the following eight areas for about an hour each. (The Middle East would be an exception. They would anticipate something like 45 minutes there, since they had a rundown from Joe Sisco at the last meeting. This time they want to concentrate on terrorist and related activities). The areas are: USSR, China and the Far East, Southeast Asia, Latin America, Western Europe, Africa, South Asia and the Middle East.

3. We have no times for these briefings but they are going to try to schedule most or all of them for Thursday afternoon and Friday morning on the theory that that is when they have their fullest attendance.

4. This memorandum is being written to give the Deputies advance notice in order to get senior officers lined up to handle these briefings. I

would suggest the respective nominees on each area establish contact with each other so as to rough out the general thrust of what should be said. I would also suggest that we call a brief meeting of everybody concerned sometime next week when a little more is known about times, so as to be sure that everyone is following the same general guidelines and to discuss the makeup and attitude of the Board for those who are not familiar with it.
